

Greater Atlanta Dog and Disc Club The Fire Hydrant

Greetings everyone! Welcome to our newsletter!
We hope that you enjoy it.

Unlike a lot of you, I haven't been involved in this sport that long. It has been a privilege to come to know many of you personally, and even more of an honor, if I may say so, to meet your beloved canines. I see the love each of you has for your dog, and the esteem with which they hold you. I have watched many of you pull off awe-inspiring routines, and I have seen the joy in your dog's eyes as they defy gravity to snatch that bright-colored piece of plastic out of the sky.

It's in this spirit that I challenge all of us to treat our fellow disc competitors as we treat our dogs. Let's make up for our shortcomings, admit when we're wrong, and accept others for who they are. Let's work together to showcase to the general public the great talent we know exists in our fellow competitors. The recent success of Pam Martin and Tony Hoard on "America's Got Talent" just scratches the surface of what is possible.

If you haven't been to a GADDC event for a while, make sure that you place us on the calendar next year. We'd love to see some new faces, faces we haven't seen for a while, and yes, our beloved regulars!!! Please join us for our upcoming USDDN World Finals, and much luck to all of the contestants! Let the games begin!!!

Marni Brown

**USDDN Disc Dog
World Finals
October
10 - 11
Dellinger Park
Cartersville,
Georgia**

Photo by Elise Murphy

It was really funny. Maybe you had to be there, but it was really funny. We were in Snellville I think. It was after the show and a bunch of us went out for Mexican food. We were drinking Margaritas and talking about the day. Yes, it was Snellville. Anyway, we were laughing as much as talking or drinking.

The subject came up about who has the worst job. Set up and tear down, registration, line judges, event coordinator or the scorekeeper. I am the scorekeeper and I am convinced that data entry is the worst job and anyone who has done it would agree. I said something like "it's bad especially at the end of the day when everyone is ready to go home, waiting for their scores and hovering around the tent. I won't be rushed"

It was Natalie Thorn, this I do remember clearly. She said, "Well it's not about you!" Anyone who knows me knows that it is not often that I am speechless. I was speechless. The whole table was quiet. Marni Brown was the first to talk, she said, "don't make the lady with the score sheets mad." She then made a shushing sound and passed her hand across Natalie's face. When I finally got my wits about me I finally said, "of course it is about me!"

Well we were both right. It's not about me. It is about you the contestants, but I need to get the scores right. My motto is "no one cries when I do data entry". When I format the worksheets I make sure the names are correct. After every 5 score sheets I go back and double check they were entered correctly. I check to make sure the judge's addition matches the computer. I check the scores after each round to see that they were sorted properly before I distribute the running order. If it's a qualifying event, I ask someone to manually add the scores to verify they match the computer totals. Because I need to get it right! No one cries when I am keeping score. So it is about me, but I do it all for you.

A couple of things to note about the results:

- ★ I sorted the results from our tournaments and grouped them into one spreadsheet. It is sorted by first name, last name and the dog's name. The results are side by side so you can see your scores at a glance.
- ★ I merged the Pro T & F in with the Super Pro T & F because we only had that division twice this year so most of you threw in Super Pro anyway.
- ★ The database converted nulls to zeros. If you see a zero (0) that could mean either you were not at the event, or your score was indeed zero. Only you and I will know for sure.
- ★ If you see an error, please let me know. I am using this data to calculate Argus Cup.

Finally, the last page is the schedule for the USDDN Disc Dog World Finals **as of today**. I am sure there will be changes. Please check the website www.USDDN.com for updates.

These tributes are to dogs in our club that crossed over Rainbows Bridge from our finals last year to now. I got these words from you off the disc dog list. I had to edit for space, but I tried to capture the love you feel for dog. Please forgive me if I missed anyone.

Going up to Cripple Creek, Going in a Run

Going up to Cripple Creek, to have a little Fun

That was her song as she danced her way into the hearts of many that special day back in 1999. Cripple Creek of course is the magical place of our youth, a carefree place where everyone lives in the moment and the sun always shines. Marley took Jeff back to that place many, many times during their 14 years together. Her joy of life and lust for disc play were simply inspirational.

Jeff Hoke **Marley** Feb 1994 – Oct 2008

It is sad to say goodbye to our canine companions. Here is a tribute to those who have triumphed on the Frisbee feel and in our hearts.

For those of you who don't remember or weren't around for the days when my competition shirt used to literally hang inches from the ground, I have been competing with Zoe since I was 7 years old. Back then, we were often asked to appear on television shows in order to inspire other kids to get involved with their own dogs in some sort of canine sport.

And while I love all my dogs an incredible amount, Zoe deserves all the credit for forging my life path. I believe that she is the only dog who could have taken me so far at such a young age. Words cannot truly do a justice in describing the love I felt for her, but if soul mates exist, she was mine. Zoe taught me that being able to leave the field or the ring with a smile on your face is the most important part of competing. She brought endless joy to people worldwide with her carefree spirit and her utter zest for life. Zoe was that once in a lifetime dog for whom I will forever be thankful. She will be deeply missed but always with us.

Jessica Ritchie **Zoe** 7/6/94 – 1/24/09

She was a great companion, hard working, and vibrant dog that changed my life forever. Her determination, drive, athletic ability and love for the disc is something I will remember forever. I remember seeing her at one day old and will always cherish her almost 14 years of life we shared together. Steven and I treasured her last few days and we were blessed to have her as part of our family. So, I wish to say goodbye to a great dog, great companion, best friend, and my world champion partner. We will never forget you and all that you gave us.

Melissa and Steven Heeter

Ariel Asah, World Champion

March 23, 1995 ~ February 2, 2009

To me, he was an amazing canine athlete that seemed to have this unreal "hang - time" that almost seemed like some Hollywood special effects from "The Matrix". He also loved to bark, whether it was from excitement or something else I'm not sure, he would even bark with a disc in his mouth, which I thought was funny as me and Jeff Hoot gave him the moniker; "Sir Barks-A-Lot". I tend to believe he barked because he was so happy to be adopted by me and doing something that he loved to do.

Chuck Hensley **Rascal** 3/16/94—2/10/09

I am blessed to have had this last year with her - we travelled, and played Frisbee, and played ball - hung out with friends and enjoyed ourselves. We celebrated with Peanut Butter or Jumbones each 3mo checkup with no relapse. The grin on her face as she played on the field was priceless. I owe many people thanks for picking up my camera and taking photos of us this year! It was both the hardest thing I've ever done to let her go and the easiest. We did it on our terms, in our home with those who loved her around her, petting her and telling her she was a wonderful dog. So tonight, please hug your pups extra tight and be glad for every day. To quote one of my favorites,

Jake & Rocket: "Life is Good".

Laura O'Neill **Molly O'Neill** July 4, 1995—March 13, 2009
